**Comment générer des de document de donner une estimation de prix** – La Config de Naivre permet aux utilisateurs de créer un document de prix avec la liste des pièces générées à partir de l'outil de Config de Navire. L'utilisateur a la possibilité d'ajouter un logo d'entreprise et d'ajouter des remises supplémentaires à la nomenclature qui peut être donnée au client.

- 1. Commencez à créer votre configuration en saisissant les informations d'application du moteur.
- 2. Sélectionnez les commandes appropriées et les informations de direction.
- 3. Une fois les champs obligatoires sont remplis, la **nomenclature** sera générée.

Remarque : toutes les questions avec un astérisque **rouge**(\*) sont requises et doivent être répondues pour générer une nomenclature valide

- 4. Sélectionnez Enregistrer la Configuration (Save Configuration).
- 5. Sélectionnez l'onglet Creér Devis (Create Quote).
